DESCRIPTIONS OF NEW VARIETIES

<u>Starbright</u>	Early intermediate golden yellow single, flowering with California Yellow Daisy. Excellent for the cloth house and May and June flowering in the greenhouse.
<u>Golden Chord</u>	Intermediate golden yellow pompon. The variety ranks with Gold Coast and Sunnyside and flowers about November 10.
<u>Forty-Niner</u>	High quality yellow round pompon. Flowers November 15. A very satisfactory cloth house variety. A good variety to be cutting when the competition is tough. Yellow Bushnell quality in Yellow Fellow season.
<u>Golden Harvest</u>	(DePetris) Deep gold small pompon. Matures from the end of November into the first week of December. Has excellent growth and substance. A fine productive variety which keeps exceedingly well on the plant or after being cut.
<u>Champagne</u>	Intermediate yellow single. A freer grower than Lodestar and about the same season. Responds with Goldsmith and Sunnyside when lighted for December through March flowering.
<u>Cinderella</u>	Intermediate yellow single flowering in Yellow Cameo season. No tendency to blindness. Crowns readily, producing well on compound sprays. Can be flowered with Omega and Yellow Cameo from December through March.
<u>Pristine</u>	Early intermediate pure white pompon. Responds with Irene for July and August flowering. At its best when period from pinch to shade does not exceed 28 days. Does not spot. The best white for the earliest shadings in the cloth house.
<u>Popcorn</u>	Intermediate white pompon flowering with Pinocchio. Outstanding white cloth house variety. Responds with Gold Coast. Has consistantly outproduced all other varieties. The flower is completely double. Very resistant foliage. Clean upright growth habit.

THE HISTORY OF THE UNITED STATES

The first part of the history of the United States is the story of the early years of the nation, from the first settlement of the colonies to the Declaration of Independence.

The second part of the history of the United States is the story of the growth of the nation, from the Declaration of Independence to the present time.

The third part of the history of the United States is the story of the development of the nation, from the present time to the future.

The fourth part of the history of the United States is the story of the present time, from the present time to the future.

The fifth part of the history of the United States is the story of the future, from the future to the future.

The sixth part of the history of the United States is the story of the future, from the future to the future.

The seventh part of the history of the United States is the story of the future, from the future to the future.

The eighth part of the history of the United States is the story of the future, from the future to the future.

<u>Encore</u>	Intermediate pure white pompon to flower with Little America and Sea Gull in the shading program. A more satisfactory variety than Vesper and is excellent for late September and October in the cloth house.
<u>Moonglow</u>	Intermediate white pompon. Fine for October and November flowering. Its natural season follows that of Vesper and finishes just ahead of Seafoam and Priscilla.
<u>Crystal Beauty</u>	(DePetrus) A large solid pure white pompon with general all round perfection. Good sprays on strong petioles. Stem tall and vigorous. Foliage somewhat large. Matures November 25-30.
<u>Silversmith</u>	Large very pure white decorative, immediately following Cameo. Strong, free growth with no tendency toward blindness. Responds with Goldsmith and Omega in the winter flowering program from December through March.
<u>Snowcrest</u>	(DePetrus) An intermediate solid white pompon with a green immature center, full rounded form and excellent substance. A fine and nice growing variety which matures December 10-15 making it useful for a much desired white pompon at that season. A good keeper and quite productive.
<u>Snowcap</u>	Intermediate formal type white pompon for Christmas and for January and February flowering. Growth habit an improvement over Snow and Revelation.
<u>Butterscotch</u>	Intermediate golden bronze pompon with same season as Cassandra but with an improved growth habit. Very high quality hard pompon. Excellent for the cloth house when the competition is keen.
<u>Rubicon</u>	Early bronze red decorative to flower with Mary McArthur in July, August and early September. Superior color to Seneca and Red Rust during the summer period.
<u>Samovar</u>	Rosewood bronze decorative flowering at the same time as Red Rust both natural and in the shading program. A good variety for September and October flowering.

The first part of the report deals with the general situation of the country and the progress of the work during the year. It is followed by a detailed account of the various projects and the results achieved.

The second part of the report deals with the financial situation of the organization. It gives a detailed account of the income and expenditure for the year and shows how the funds have been used.

The third part of the report deals with the personnel of the organization. It gives a detailed account of the staff and the work done by each of them during the year.

The fourth part of the report deals with the future plans of the organization. It gives a detailed account of the work to be done in the next year and the resources required for it.

The fifth part of the report deals with the conclusions of the year. It gives a detailed account of the achievements of the organization and the lessons learned from the experience.

The sixth part of the report deals with the recommendations of the committee. It gives a detailed account of the suggestions made for the improvement of the organization and the steps to be taken to implement them.

The seventh part of the report deals with the appendix. It gives a detailed account of the various documents and reports which have been submitted to the committee during the year.

The eighth part of the report deals with the index. It gives a detailed account of the various subjects and topics which are dealt with in the report.

The ninth part of the report deals with the bibliography. It gives a detailed account of the various books and papers which have been consulted during the preparation of the report.

- Bourbon Intermediate rust bronze single. Very good form and substance. Flowers about the same time as Carnelia. Better growth habit and more productive than Carnelia, for December through March flowering group with Goldsmith, Cameo and Omega.
- Festival Small red single for Thanksgiving. Also now being flowered from December through March. The earliest of a group of outstanding red singles in which the growth habit and production is greatly improved over that of varieties listed in the past.
- Galaxy Intermediate bronze single. Same season as Viking and Cavalcade with an improved growth habit. Useful shade of bronze when lighted for the winter program.
- Holiday Intermediate wide petaled red single flowering for Christmas. Freer growth habit than Sarong and therefore better suited for winter flowering than Sarong.
- Merrymaker Crimson red single for the holiday season and for flowering through January, February and March. A little larger and a better flower form than Christmas Star.
- Ballerina Intermediate pink single. Early cloth house variety and similar in shading response to the California daisies. Better form and color than October Pink and has a more upright growth habit than that variety. Best with some disbudding. Resistant to Verticillium. Excellent for June flowering.
- Soprano Intermediate pink single to follow Ballerina in both the shading program and natural season. Fine for April, May and June flowering with Little America, and White Mensa.
- Defiance (DePetris) Large glowing, true orchid pink pompon of decorative type with a green immature center making a very pleasing color. Excellent free growth and good production. Matures December 20-25.

Intermediate rose bronze single. Very good form and substance. Flowers about the same time as Carnation. Better growth habit and more productive than Carnation. For December through March flowering group with Goldsmith, James and Wagon.

Bourbon

Small red single for Thanksgiving. Also now being flowered from December through March. The earliest of a group of outstanding red singles in which the growth habit and production is greatly improved over that of varieties listed in the past.

Festive

Intermediate bronze single. Same season as Viking and Cavaleade with an improved growth habit. Useful shade of bronze when lighted for the winter program.

Galaxy

Intermediate wide petaled red single flowering for Christmas. Free growth habit than Baron and therefore better suited for winter flowering than Baron.

Holiday

Crimson red single for the holiday season and for flowering through January, February and March. A little larger and a better flower form than Christmas Star.

Northman

Intermediate pink single. Early cloth house variety and similar in shading response to the California daisies. Better form and color than October Pink and has a more upright growth habit than that variety. Best with some disbudbing. Resistant to Verticillium. Excellent for June flowering.

Ballarina

Intermediate pink single to follow Ballarina in both the shading program and natural season. Fine for April, May and June flowering with little America, and White Monas.

Soprano

(Dorcas) Large flowing, true orchid pink pompon of decorative type with a green immature center making a very pleasing color. Excellent for growth and good production. Matures December 20-25.

Dollars

Queen's Lace

Early white spider. Responds with Silver Sheen and does well in the year'round flowering program from April-November. It should receive the same cultural treatment, spacing, etc; as Silver Sheen. A very durable flower. Has been very much in demand for June weddings this past season.
